

The AudioTrak ceiling speakers are exceptional quality, economic flush-mounting ceiling loudspeakers for general purpose applications. These are full-range loudspeakers for speech and music reproduction in shops, department stores, schools, offices, sports halls, hotels, restaurants, etc. These are dual cone loudspeakers with wattage of 4W, 6W and 12W with options of plastic and metallic grille. A 100V matching transformer is mounted on the back. The appearance and neutral white RAL colour suits in virtually all interiors.
